Review Date – October 2017

Statutory

Leagrave Primary School

Special Educational Needs and Disability Policy

1. Our Ethos

At Leagrave Primary school, we have high expectations of our pupils and are committed to ensuring that everyone has the opportunity to fulfill their potential. The achievement, attitude and well-being of every child is paramount, with inclusion being the responsibility of everyone within our school. Every teacher is a teacher of every pupil, including those with special educational needs and disabilities. We respect, value and celebrate the unique contributions of all our pupils, ensuring that the child's needs are at the centre of any decision making.

2. Definition of SEN and Disability (SEND)

At our school we use the definition for SEN and for disability from the SEND Code of Practice (2014). This states:

SEN: *A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.*

- *A learning difficulty or disability is a **significantly greater difficulty in learning than the majority of others of the same age.***
- *Special educational provision means **educational or training provision that is additional to, or different from,** that made generally for others of the same age in a mainstream setting in England.*

Disability: *Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is ‘...a **physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.**’*

3. Key Roles and Responsibilities

The SENDCO has day-to-day responsibility for the operation of SEND policy and co- ordination of specific provision made to support individual pupils with SEND, including those who have EHC plans (or Statements until 2018) The SENDCO is Miss S Gooding.

SEN Governor: The SEN governor is Huma Hussain, who is one of our parent governors. She has responsibility for monitoring policy implementation and liaising between the SENDCO and the Governing Body.

Designated Safeguarding Lead (DSL) The Inclusion Manager, Mrs D Bastin, has specific responsibility for safeguarding and is the DSL.

4. Aims and Objectives

Aims

At Leagrave, all pupils regardless of their particular needs, are provided with inclusive teaching, which will enable them to make the best possible progress in a valued, wider school community. We expect that all pupils with SEND will meet or exceed the high expectations we set for them against national data and based on their age and starting points. We will use our best endeavours to give pupils with SEND the support they need, whilst having access to a broad and balanced curriculum. Working in partnership with families and other professionals, it is our aim that pupils will become confident individuals, able to make a successful transition on to the next phase of their education.

Objectives

- To ensure a clear process for identifying, assessing, planning, providing and reviewing for SEND pupils with the pupils and their parents/carers at the centre.
- To develop effective whole school provision management of support for pupils with special educational needs and disabilities, ensuring good or better progress.
- To deliver training and support for all staff working with pupils with SEND in order to develop our practice within the guidance set out in the Code of Practice, July 2014.

Leagrave Primary School

Special Educational Needs and Disability Policy

5. Identification of Needs

The identification of SEN is embedded in the whole school process of monitoring the progress and development of all pupils. We recognise the benefits of early identification and making effective provision, to ensure the long-term outcomes for children with SEN are improved. The purpose of identification is to work out what action the school needs to take, not to fit the pupil into a category. It is also important to identify the full range of needs, not simply the primary need of an individual pupil.

The Code of Practice refers to four broad areas of need:

Communication and Interaction

These children have difficulty communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. For example, children with Autistic Spectrum Disorders (ASD), including Asperger syndrome, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

Cognition and Learning

Children with learning difficulties learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs from moderate learning difficulties (MLD) to children with profound and multiple learning difficulties (PMLD). Specific learning difficulties (SpLD), affect one or more specific aspects of learning, such as dyslexia, dyscalculia and dyspraxia.

Social, emotional and mental health difficulties

Children may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, eating disorders or physical symptoms that are medically unexplained. Other children may have disorders such as attention deficit disorder (ADD), attention deficit hyperactive disorder (ADHD) or attachment disorder.

Sensory and/or physical needs

Some children require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. Many children with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and /or equipment to access their learning.

6. A Graduated Approach to SEN Support:

How the school decides whether to make special educational provision

A process of on-going teacher assessments and termly pupil progress meetings with the leadership team identifies those pupils making less than expected progress given their age and individual circumstances. The school's first response is high quality targeted teaching by the class teacher. Where progress continues to be less than expected, the class teacher will discuss their concerns with the SENDCO.

In deciding whether to make special educational provision, the teacher and SENDCO will consider all of the information gathered from within the school about the pupil's progress, alongside the views of parents/carers and pupil. During this stage extra teaching or interventions may be put in place as a pupil's response to such support can help to identify their particular needs. Particular care is taken when identifying and assessing SEN for children whose first language is not English.

Leagrave Primary School

Special Educational Needs and Disability Policy

Where pupils have higher levels of need, and with parental permission, the school may seek advice from external agencies. These agencies include:

- Educational Psychology Service (EPS)
- Learning Support Service (LSS)
- Speech and Language Therapy (SaLT)
- Behaviour Support Service
- Autism Outreach
- Educational Welfare Team
- Children's Services – Social Care Team
- Paediatric Health team (Edwin Lobo Centre)
- School Nursing Service
- Child and Adolescent Mental Health Service (CAMHS)
- Play Therapist/Counsellor

If the support needed can be provided by adapting the school's core offer then a child might not be considered SEN or placed on the SEN register. If, however, the support required is *different from or additional to* what is ordinarily offered by the school, the child will be placed on the SEN register at SEN Support.

The school will then seek to remove barriers to learning and put effective special educational provision in place. This begins a cycle of *assess, plan, do, review* with the child/young person at the centre of the process. A SEND support file will be set up and an IEP will be created in response to any completed assessments or observations of the child to target specific needs. These will be reviewed three times per year. Where a child and family would benefit from co-ordinated support from more than one agency, an Early Help Assessment may be used to identify help required and to prevent needs escalating.

The four part cycle: the graduated approach

Assess: We will ensure that we regularly assess all pupils' needs so that each child's progress and development is carefully tracked compared to their peers and national expectations. We will listen to the views and experience of parents/carers and the pupil. In some cases we will draw on assessments and guidance from other education professionals e.g. Educational Psychologists (EP) and from health and social services.

Plan: Where SEN Support is required the teacher and SENCO will put together a plan outlining the adjustments, interventions and support which will be put in place for the pupil as well as the expected impact on progress and outcomes, including a date when this will be reviewed. Targets for the pupil will be shared with her/him using child friendly language and with parents/carers. All staff who work with the pupil will be made aware of the plan.

Do: The class teacher is responsible for working with the pupil on a daily basis. She/he will also liaise closely with TAs or specialists who provide support set out in the plan and monitor the progress being made. The SENCO will provide support, guidance and advice for the teacher.

Review: The plan including the impact of the support and interventions will be reviewed each term by the teacher, SENCO, parent/carer and the pupil. This will inform the planning of next steps for a further period or where successful the removal of the pupil from SEN Support.

7. Parents/carers and pupil involvement in the process

We believe in a pupil centred approach to information gathering and the cycle of *assess, plan, do, review*. Termly reviews and target setting meetings are planned to coincide with pupil progress meetings and parents' evenings. Targets are shared with pupils and successes are celebrated. Pupils with a Statement or EHC plan are invited to contribute to their annual review to share their achievements for the year and aspirations for the future.

Leagrave Primary School

Special Educational Needs and Disability Policy

8. SEN Provision

SEN support can take many forms. This could include:

- an individual learning programme
- evidence based interventions
- extra help from a teacher or a learning support assistant
- making or changing materials, resources or equipment
- working with a child in a small group
- maintaining specialist equipment
- observing a child in class or at break and keeping records
- helping a child to take part in the class activities
- making sure that a child has understood things by encouraging them to ask questions and to try something they find difficult
- helping other children to work with a child, or play with them at break time
- supporting a child with physical or personal care difficulties, such as eating, getting around school safely, toileting or dressing
- access to a shared nurture group at a local school

9. Managing the needs of Pupils on the SEN Register

- each pupil with SEND is an individual and their plan is tailored to meet their particular needs.
- plans are reviewed termly with parents and pupils.
- decisions regarding the level of support provided are needs led, working within the constraints of the school budget.

The class teacher is responsible for:

- the progress and development of all pupils including those with SEND
- ensuring the plan is implemented in the classroom
- regular liaison with parents and the SENCO
- effective deployment of additional adults
- identifying on class planning the provision they are making for pupils with SEND
- supporting the SENCO in the writing and reviewing of targets for pupils with SEND

Special Needs Assistants are responsible for:

- ensuring that day to day provision is in place for the pupils they support
- implementing agreed strategies and programmes, and advice from specialists.
- record keeping
- resources
- maintaining specialist equipment
- regular communication with class teacher and SENCO

The SENCO is responsible for:

- the SEND policy and its implementation
- co-ordinating support for children with SEND
- updating the SEN register and maintaining individual pupil records
- monitoring the quality of provision and impact of interventions
- attending network meetings and updating staff
- referrals to and liaison with outside agencies
- directing TAs with responsibility for SEND
- liaising with and advising staff
- maintaining regular liaison with parents/carers
- co-ordinating annual reviews
- supporting staff in identifying pupils with SEN.
- mapping SEND provision throughout the school
- maintaining links and information sharing with receiving school

Leagrave Primary School

Special Educational Needs and Disability Policy

Criteria for removing pupils from the SEN Register

When a child has made sufficient and sustained progress towards achieving their personal targets and it is felt that they are able to maintain this with quality first teaching, they may be removed from the SEN register. The school will continue to monitor pupils recently removed from the register to ensure good progress is maintained.

10. Requesting an Educational, Health and Care (EHC) needs assessment

A small number of pupils, whose needs are complex and long term, may require a greater level of support than that provided at SEN Support from the school's own resources. For these pupils a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided. This brings together the child's health and social care needs as well as their special educational needs.

Statements

The Education, Health and Care (EHC) plan replaces what were formerly called statements of special educational needs. Children who currently have a statement will continue to maintain this until the transition is made to an EHC plan.

11. Supporting parents/carers and children

We provide support in the following ways:

- the headteacher and SENDCO operate an open door policy for parents/carers seeking support and advice.
- termly meetings regarding personalised plans
- SEND parent workshops available
- SENDCO available to talk with at Parent Consultation Evenings
- our Community Education Officer can signpost additional support/information available for families
- the dedicated SEN Governor is available as a contact point
- individual arrangements can be made for phased entry into Reception class
- additional time and special arrangements for SATs
- support for transition between classes
- extra transition for vulnerable Y6 pupils transferring to secondary school
- inviting the SENCO of the receiving secondary school to the final Annual Review in year 6.

Supporting pupils at school with medical conditions

- The school recognises that pupils with medical conditions should be properly supported so that they have full access to education, including school trips and physical education.
- Where it is the case that a medical condition meets the criteria of disability the school will comply with its duties under the Equality Act 2010. *Reasonable adjustments* will always be made to promote access to all areas of the school curriculum for pupils with a disability, eg: an extra adult to accompany a child on a school trips/residentials.
- Specific staff have training to support particular needs, eg: technical knowledge to maintain auxiliary aids and equipment or managing diabetes.
- The family liaison link has responsibility for the organisation of the medical register, medicines, risk assessments and health care plans/protocols.

12. Monitoring and evaluation of SEN

The head teacher and the LT regularly monitor and evaluate the quality of provision for all pupils. The school aims to use interventions in school that have proven outcomes and are evidence based. The impact of SEN provision on the progress and outcomes for children on the SEN register is measured through:

- analysis of pupil tracking data and test results at pupil progress meetings
- progress against national data and based on their age and starting points.
- interventions baseline and exit data
- progress against individual targets
- pupils' work and interviews

Leagrave Primary School

Special Educational Needs and Disability Policy

The SENDCO maps provision for each class and costs provision accordingly. Decisions are made as to whether specific interventions are proving to be effective in terms of impact, time spent on them and the finance used in providing them. Each year we review the needs of the cohort and if necessary make changes to our provision.

The SEN Governor is responsible for:

- monitoring the effective implementation of the SEND policy
- liaising termly with the SENCO
- reporting to the governing body on SEND
- ensuring that pupils with SEND participate fully in school activities

13. Training and development

- Training needs are identified in response to the needs of pupils currently on the SEND register. A variety of in house and external training is made available.
- School staff have some bespoke training to develop expertise around some areas of SEND.
- The SENCO attends network meetings to share good practice with colleagues and keeps up to date with SEND developments.

14. Storing and Managing Information

Pupil records and SEN information may be shared with staff working closely with SEN pupils to enable them to better meet the individual child's needs. We are grateful to parents for their information sharing and openness and respect their confidentiality. Pupil SEN files are kept in a locked filing cabinet. Individual SEN files are transferred to receiving schools when pupils leave Leagrave.

14. Reviewing the SEND Policy

The SEND policy is reviewed annually by the governing body. Date of review: October 2017.

15. Complaints

We urge parents/carers with any concerns regarding the SEN policy or the provision made for their child at Leagrave to speak to us as soon as possible. In the first instance, please speak to the class teacher or the SENDCO. If parents/carers feel their child's needs are still not being met they should make an appointment to see the head teacher. If concerns are still unresolved parents may wish to use the Luton Information, Advice and Support Service for Special Educational Needs and Disability (SENDIASS) or engage with the School complaints procedures.

16. Access to this policy

You can get a copy of our policy in a number of ways:

- The school website
- A hard copy on request at the school office
- Let us know if you need this policy to be made available to you in a different format e.g. enlarged font or a language other than English.

17. Compliance

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0–25 (July 2014) and has been written with reference to the following related guidance and documents:

Equality Act 2010:	Teachers Standards 2012
Advice for schools DfE Feb 2013	Admissions Policy
School SEN Information Report	Anti-Bullying Policy
The National Curriculum in England Key Stage 1/2	Behaviour Policy
Safeguarding Policy	Complaints Procedures
Accessibility Plan	Inclusion Policy
	Equality Policy
	Curriculum policies
